

# INSTALLATION INSTRUCTIONS

## Part Number AC-3098

**This filter fits:** SEE CATALOG FOR CURRENT APPLICATIONS

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter can last many seasons. This filter can be used in a stock machine, with no modifications required. If any engine modifications have been made tuning/jetting adjustments may be required. There are special installation instructions, so please follow the procedures outlined below to ensure the K&N Filtercharger® seals properly.

### INSTALLATION

1. Remove the stock air filter.
2. Carefully clean the air filter sealing surface in the air box.
3. Apply the provided gasket around the intake opening in the air box. (Fig. 1)
4. Install the K&N Filtercharger® over the intake tube.

**Note:** Position the slots on the air filter top with the “Y” facing up. (Fig. 2)

5. With the K&N Filtercharger® in place, slide the stock air filter retainer in between the air filter top and the air box and lock in place.
6. Reinstall the air box lid.

### Available to purchase separately

Precharger Wrap; part number AC-3098PK

**THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.**
