

Installation Instructions

Part Number: CM-4508

This Filter Fits: SEE CATALOG FOR CURRENT APPLICATIONS

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter can last many seasons. This filter can be used in a stock machine, with no modifications required. If any engine modifications have been made tuning/jetting adjustments may be required. There are special installation instructions, so please follow the procedures outlined below to ensure the K&N Air Filter seals properly.

INSTALLATION:

1. Remove the stock air filter. Do not remove the stock air filter adapter. (Fig. 1)
2. Install the clamp onto the K&N Air Filter flange. Do not tighten at this time.
3. Install the K&N Air Filter on the stock air filter adapter making sure it is completely seated. (Fig. 2)
4. Tighten the provided clamp.
5. Reinstall the air box lid and fasten clips.

Available To Purchase Separately

Drycharger Wrap; Part Number CM-4508DK

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.
