K&N's famous Million-Mile Limited Warranty®

PRODUCT DETAILS:

The K&N HA-7012 High-Flow Air Filter was made for HONDA's NC700X Adventure Touring Bike in order to provide low restriction and increased throttle-response while delivering an overall gain in performance. The K&N pleated media provides a large filtration area offering high-flow, long service intervals and [excellent filtration](#). This filter is designed to slide directly into the OE Air Filter Assembly without any fitting or cutting required. The injection molded Urethane frame offers a durable sealing bead ensuring extra long life. K&N High-Flow filters have been made in the USA for over 40 years.

- No Fuel-management modifications necessary to obtain increased performance
- Washable & reusable, pre-oiled and ready for installation
- [Covered by K&N's famous Million-Mile Limited Warranty®](#)
