K&N® Cabin Air Filters replace your vehicle's stock cabin filter with a reusable design that cleans and freshens incoming air. They are electrostatically charged to grab and hold dust particles. K&N® cabin air filters help control odors while they help capture most mold, mildew, fungus, spores, bacteria and germs. When they get dirty they can be cleaned and reused and best of all, they come with a No-Hassle Lifetime Limited Warranty.

If you need any assistance please call 1-800-858-3333 to speak with a representative in our Customer Service Center before returning the product.

When applicable, refer to owner's manual for manufacturers installation/removal instructions. The following are helpful steps when replacing/servicing cabin air filter with K&N® cabin air filter.

1. Open hood and locate the cowl panel. (Fig. 1)
2. Remove the cowl panel. (Fig. 2)
3. For easy access to the cabin filter, remove the air inlet. (Fig. 3- 4)
4. Pull the tab on the cabin filter tray towards you and remove the dirty cabin air filter. (Fig. 5 - 6)
5. Slide the K&N cabin air filter into the cabin filter tray. (Fig. 7 - 8)
6. Reverse steps 1-5 to complete the cabin filter installation. With the filter installed, clean an area and apply the K&N Stop Decal. The decal will help notify others that this is a reusable cabin filter.
